Board of County Commissioners
PO Box 35000
Billings, MT 59107

Dear Board of County Commissioners:

Per MCA 7-4-2213, the “County Commissioners shall examine, at a regular meeting in March and September of each year, all official bonds of all county officials then in force and effect and investigate the qualifications and financial condition and liability of all sureties thereon and their sufficiency”. The Finance department has reviewed the financial strength ratings of Travelers Casualty and Surety Company of America (the Provider) which underwrites the Public Employee Dishonesty policy purchased by Yellowstone County. Our review indicates the Provider’s financial strength ratings are in the “A” range among all four of the major bond rating agencies. Since these ratings are based on quantitative as well as qualitative factors, we believe this review satisfies MCA 7-4-2213.

If you have any questions, please feel free to contact me at 256-2816.

Sincerely,

### Background on ratings

Ratings agencies typically issue two types of ratings:

- **Claims-paying and/or financial strength ratings** assess an insurer's ability to meet its financial obligations to policyholders.
- **Debt ratings** assess a company's prospects for repaying its debts and assist lenders in setting interest rates and terms for a company's commercial paper, loans, bonds, etc.

The system and number rating categories can vary widely from agency to agency. Travelers claims-paying/financial strength ratings relative to each agency's rating scale are as follows:

---

3 Substantially all debt is held at the parent company, The Travelers Companies, Inc., or its subsidiaries, Travelers Property Casualty Corp. and Travelers Insurance Group Holdings, Inc.

Customers usually focus on claims-paying ratings, while creditors look at debt ratings. Investors use both to evaluate a company's overall financial strength. Travelers receives ratings from the major rating agencies:

- A.M. Best Co., Fitch Ratings, Moody’s Investors Service and Standard & Poor’s Corp

**Ratings factors considered**

Ratings agencies examine a myriad of key factors:

- Quantitative financial performance — profit margins, financial leverage, liquidity, cash flows, capital and surplus ratios.
- Qualitative judgments — underwriting cycle, competitive environment, regulatory and political factors, soundness of reinsurance, reserves, quality of invested assets, management experience and accomplishments.
