James,

I would like to request two FIB bank cards to be exclusively for fuel for the two vans assigned to Ted Lechner Youth Services Center. With summer upon us, we will be taking youth on outings and there needs to be a more efficient way of fueling the vans. We currently have two credit cards assigned to us, one of them assigned to me and the other for general use. I would like to keep the new cards in the vans. Thank you for your consideration.

Sam Bofto
