It features a central dashboard with a search bar at the top, a list of 911 calls on the left, and a main content area displaying a call transcript and a GIS map. Callouts point to various features: 'Text any number - without more tabs' points to the search bar; 'AI summaries for faster call processing' points to a 'HARMONY-powered Call Audio Summary' card; 'Keywording to alert supervisors' points to a 'Keywords' section with tags like 'collapsed', 'unresponsive', and 'cardiac arrest'; 'Show all 911 calls' points to the list of calls; 'Seamless live streaming options' points to a 'Video from Caller' window showing a fire; 'View your GIS data' points to a map showing incident locations; 'Automation for non-emergency tasks' points to a 'Non-Emergency Request' form; and 'Advanced AI engine for text translation' points to a 'Live Chat' window with a translated message.
