Note on Agencies purchased at a discount.
Yellowstone County maintains the practice of utilizing an effective rate on these types of purchases that excludes the discount amount paid at maturity. This is due to materiality and a more accurate recognition of accrued interest in periods before maturity date.
The only exception to this practice will be for the FNMA due 12/28/27, which includes a material discount of $791,340 at the time of purchase. This balance will be captured in proportionate share every 6 months to match interest payments, until maturity.
This purchase allows the pool to gain an effective yield of 4.56% vs. the stated rate on the agency of .95%.
