You are authorized to do the work as specified.

SIGNATURE: _____

DATE OF ACCEPTANCE: _____

Our reputation is built one satisfied customer at a time.

In regard to PAVING:

1. A minimum of 1% positive drainage flow is required to diminish the possibilities of bird baths or standing water.
2. Bid is quoted at 3" depth of asphalt for patching. If additional depth is encountered, added cost will be charged based on \$0.50 per square foot inch.
3. Soft spots or unsuitable sub-base encountered in subgrade will be remedied on a time and material basis.
4. Hardrives is not responsible for any damage to unknown utility lines, sprinklers, sprinkler lines, etc. that are not marked. It is the owner's responsibility to mark.
5. One mobilization is included.

In regard to sealcoat/heavy mineral seal:

6. Requires clean pavement; any petroleum soaked areas can contribute to premature failure.
7. Sealcoat / Heavy Mineral Seal does not remedy ponding water and ponding water will accelerate the deterioration of the sealer.
8. The complete elimination of any existing drainage problem or reflective cracking is not intended or guaranteed.
9. Power steering marks are normal and should not be cause for concern
10. The new surface will remain tender for about two weeks.
11. Hardrives is not responsible for any damage done to existing asphalt due to weight of machinery.
12. Sweeping may be required by the owner approximately two months after Heavy Mineral Seal placement to remove any excess aggregate.
13. One mobilization is included.
14. All workmanship and materials guaranteed against failure for one full year.
