Attached are the bids for snow services. We are not able to support the Lockwood area (Emerald Eagle)

All bids have rate adjustments at 6" and 12" single accumulations.
6" increases 1.5x;
12" increases 2x

We determine if the site meets the service threshold or the site manager can call prior to 4 am to adjust the schedule.
Services begin at 12 am (midnight) based on snowfall and on-site conditions. Ideally, snow is removed prior to the bus route use.
Heavy snowfall may delay starts on road surfaces that would not benefit from service more than 3 hours before sunrise.

We caution customers to budget for 12 services per year. Most years there are fewer than that, especially if trigger amounts are higher. The last 2 years have been extremely light and may not reflect the standard needs of a site.

All sites will have a minimal charge of 1 service per month from November through April.

All efforts will be made to have sites serviced in the most reasonable time as possible, but we do reserve the right to complete a snow service 24 hr after the storm has completed.

Let me know if questions or you need updates to the required documents
