Project Description: Sletten has been selected as the general contractor/construction manager (GC/CM) for the renovation of the third and first floors of the Yellowstone County Courthouse, located in Billings, MT. There is a planned second phase of construction to renovate the second floor of the courthouse as phase one construction completes. The courthouse will maintain their daily operations throughout construction, with noise and safety being of concern for this project. There will be a staging area provided in the parking area(s) to the east of the courthouse building.

Scope of Work: Scopes of work for the Re-bid include: Cabinetry and custom benches, courtroom benches, laminate wall panels and related millwork, acoustic wall panels, and fire alarm system.

Bids shall be based on these instructions and the following documents:

Special Considerations:

- **Package Discounts:** Applicable bid forms have an additional line item under the base bid line that allows subcontractors to describe and offer a discount for if they receive multiple scopes.
- **Value Engineering:** All bid forms include line items so subcontractors can provide value engineering options. Although Value Engineering ideas are encouraged, it is not mandatory for Subcontractors to provide value engineering requests on the bid form. Acceptance of value engineering proposals are not

guaranteed. To ensure acceptance of modifications to the base bid, subcontractors should submit a substitution request prior to the due date listed above.

- **Project Phasing:**
 - Phase 1 – Floors 3 and 1. Note, access will be given on 2nd floor for scope specific work items needed to complete the 3rd floor renovation complete. Update of plumbing fixtures and electrical fixtures in core bathrooms to be included in base bid for core bathrooms. See preliminary schedule for start date.
 - Phase 2 – Floor 2 – Tentative Start July of 2027; refer to preliminary schedule.
- **Alternates:**
 - Alternate No. 1 – All work associated with 2nd floor of the courthouse.
- **Demolition Debris:**
 - Window will be removed on 3rd floor and 1st floor east side of building for removal of debris directly into staging area where dumpsters are located. Minimize debris removal down elevator.

All Documents: are available directly from Sletten Construction by visiting www.slettenestimating.com. All addenda will be posted at the same locations.

Schedule: Bidders should review the included Preliminary Project Schedule for time constraints associated with their respective bid scopes.

Bid Forms are available directly from Sletten Construction by visiting www.slettenestimating.com. All bids must be submitted on the Bid Form provided. Any submission of a bid proposal in a different format may be considered non-responsive at the discretion of Sletten and Owner. All sections of the Bid Form need to be completed in their entirety. Exclusions are not permitted. Bid forms must be completed in their entirety to be considered responsive.

Subcontracts are intended to be awarded the entirety of the bid scope. Bid break outs are for bid validation and comparison purposes and should reflect the scope of work for the representative line item including all materials, labor and profit (as applicable).

Sample Subcontracts are available directly from Sletten Construction by visiting www.slettenestimating.com. Bidders must read, acknowledge and accept the terms of the subcontract, unaltered. The sample subcontracts include detailed descriptions of the scope of work included in each bid scope.

Substitution Requests and Requests For Information (RFI). All requests for information and substitution requests will be directed only to the GC|CM, attention **Brooke Logan** via email at blogan@sletteninc.com. All RFIs and Substitution Requests will be answered in writing as part of an Addendum to all bidders. Only Substitution Request and RFI responses included in addenda are binding; all other responses, whether oral or in written format are not part of the Scope of Work.

All Addenda must be acknowledged on the Bid Form to be considered responsive. Bidders should acknowledge receipt of addenda as well as list each addendum received in the blanks provided.

Use and Access to the Project Site During Bidding:

There will be one (1) pre-bid meeting on 05/7/2026 at 11:00 Am. The pre-bid site walk is not mandatory; however, attendance is strongly encouraged. Attendees plan to meet at the Billings Sletten Construction Office located at 1375 4th Avenue North, Suite C. A site visit for any interested parties will follow the pre-bid meeting. Should there be interest in attending digitally, please reach out to Brooke Logan and accommodation will be made for a digital meeting invite.

For any questions, please contact Sletten Companies, Brooke Logan (406) 202-0664 or blogan@sletteninc.com.
